Schools Overview

Qkr! takes the hard work out of school payments

Fast, secure payments

- Receive payments straight into your school's account
- Built, owned and operated by Mastercard®

Better parent experience

- Parents can order ahead and pay anytime 24/7
- Digital receipts

More efficient

- Customisable for the school's needs
- Simpler administration saves time e.g. processing school payments

Reduced cash handling

- Less need to store cash onsite
- Reduces the costs and security issues associated with cash

Improved school operations

- Digital permission slips and excursion payment
- Advanced speeds up canteen logistics and reduces waste through advanced ordering

Saves time

- Parents can order ahead and pay for all school necessities securely anywhere 24/7 using their phone
- Pay school excursions and sign permission slips

Easy to use and secure

- Simply download, install and register both Qkr!™ and Masterpass™
- Secured and powered through Masterpass

Reduced cash handling

- No need for children to carry cash for school
- Parents can set up independent accounts for the same child

masterpass

Current Features

Schools locator

- Search nearby locations or using the school's name
- School is visible to the wider Qkr! audience

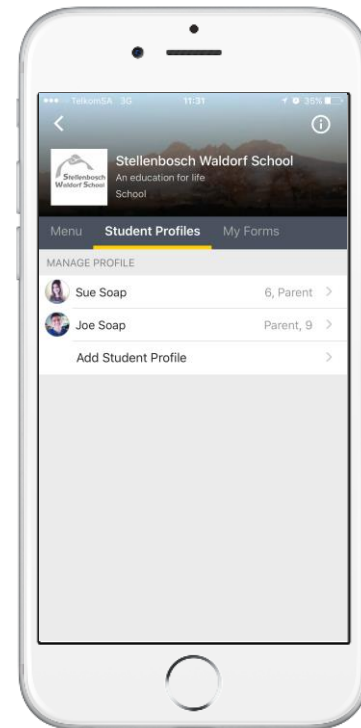

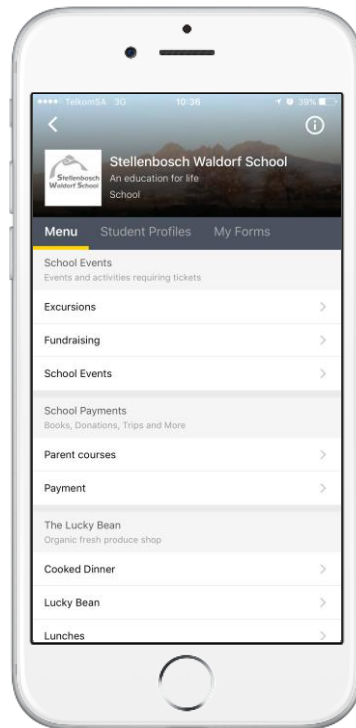

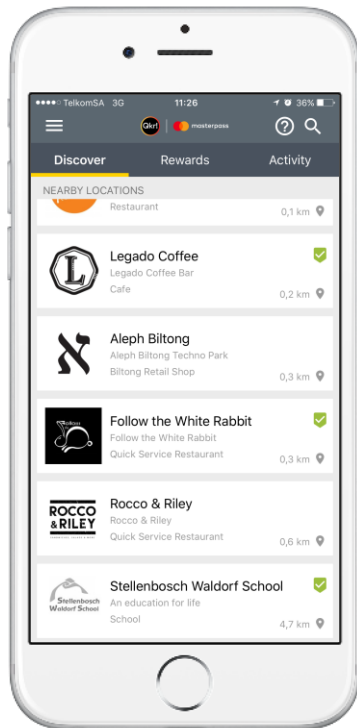

Schools departments

- Multiple school department functionality allows parents to pay for lunch, fees, uniforms, excursions, etc

Student profiles

- Parents can easily manage their child's profile
- Registered students can be managed using the Manage Students tab

Current Features

Menu selection

- Parents can easily select the date and the relevant menu to order lunch

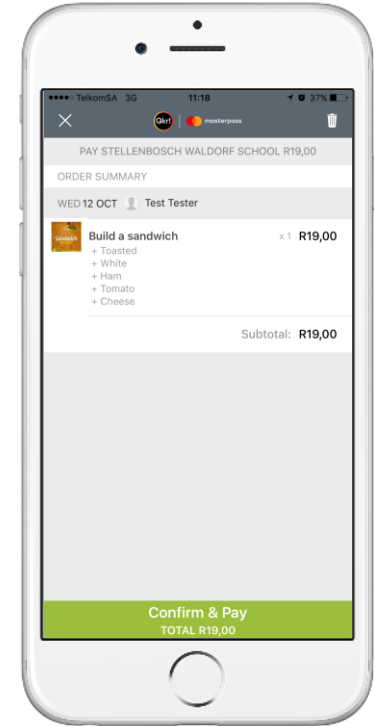

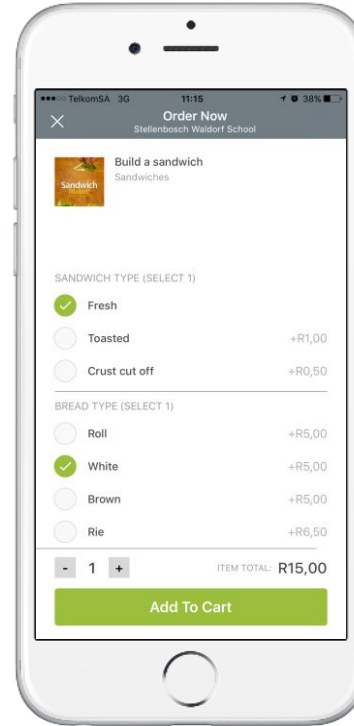

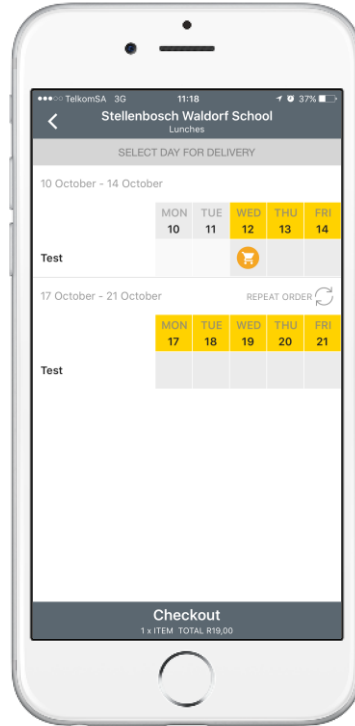

Personalised orders

- Parents can personalise the food order for their child

Permission slips

- Schools can apply permission slips to certain events or outings
- Parents can give permission on their child's participation

Store multiple cards

- Qkr! is secured through Masterpass, a digital wallet. Masterpass is compatible with all banks and can store up to 5 debit and credit cards.

Digital receipts

- Access and view order history using the app or through emailed receipts
